

How to be the perfect *Denverite*

While visiting our wonderful City here are a few simple rules that will help you live like a local Denverite and be a good neighbor.

If you happen to see my neighbors please say hello.

Please keep music volume down and observe quiet hours after 10pm.

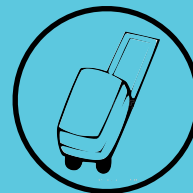

Yes, cannabis is legal here but not everyone partakes. Please be respectful to neighbors who don't smoke and only smoke in host designated areas.

Please only park in designated areas and use ride-sharing when at all possible.

Lots of people come to Denver to celebrate. We enjoy a good time as well but please be respectful of those that live here and deserve quiet enjoyment.

Rolling suitcases can be pretty loud entering and exiting homes and buildings. Please be conscientious of the noise you're making.

We recycle here in Denver. Please break down cardboard boxes and crush cans to avoid overflowing recycle bins.

Please help keep our neighborhoods clean. Trash overflows may happen during long stays and can easily build up in alleys. Pick it up when possible.
